SUMMARY

I am a first-year Computer Science Engineering student at Bannari Amman Institute of Technology, currently specializing in the MERN stack. With a strong foundation in both backend and frontend development, I have experience working with Express.js, React, MongoDB, and Node.js. Additionally, I am proficient in Python and have developed projects including a Telegram Bot and API systems. I am passionate about building scalable applications and continuously expanding my expertise in modern web development and AI.

EDUCATION

Bachelor of Engineering in Computer Science

Bannari Amman Institute Of Technology • Sathyamangalam • 2028
